Drivers Skills Test

The Drivers Skills Test, or DST, is a skills assessment that measures an individual's drivers aptitude with specific reference to how well they can interpret maps, remember road signs, and their knowledge of the rules of the road.

RESULT

| | |
|------------------------------------|---|
| Reading and Understanding Maps | 1 |
| Memory – Remembering Road Signs | 1 |
| Knowledge of the Rules of the Road | 2 |

| 1 – 3 Low | 4 – 6 Effective | 7 – 9 Enhanced |
|--|---|--|
| The candidate scored low on the driver's test and might experience difficulties remembering road signs, reading maps and applying the rules of the road appropriately. | The candidate scored within the effective functioning range on the driver's test and should not experience too many difficulties remembering road signs, reading maps and applying the rules of the road appropriately. | The candidate scored very high on the driver's test and should find it easy remembering road signs, reading maps and applying the rules of the road appropriately. |
